A Correlation of World History, ©2016 to the St. Vrain Valley Schools, World Studies

Introduction

This document demonstrates how **Pearson World History, ©2016** meets St. Vrain Valley Schools World Studies, Evidence Outcomes., Grade 10.

Pearson is excited to announce its NEW *World History* program! The program invites students to truly experience the scope and impact of history through engaging stories from some of the most compelling and eventful times in the history of our world. The program bridges time-tested best practices, curriculum standard expectations, and technology to help prepare students to be college and career ready all while bringing world history to life. The program is available in print, digital, and blended options.

The **Pearson World History** program uses a research tested four-part learning model to enhance teaching and understanding.

1. **Connect:** Students make learning personal as they connect to content through a story and activate their prior knowledge, personal experience, and perspective.
2. **Investigate:** Students actively learn, investigate, and acquire key content knowledge through a variety of components both in print and digital.
3. **Synthesize:** Students extend their understanding by applying what they just learned in a quick recap and “pull-it-all-together” exercise before they move on to the next lesson.
4. **Demonstrate:** Students demonstrate their understanding through a variety of authentic, formative, and summative assessments.

Technology Reimagined with Pearson’s Realize™ Platform

- eText Student Edition with valuable tools for individualized instruction, remediation, or enrichment
- NBC Learn™ MyStory Videos that engage students in every chapter
- Interactive Reading and Note Taking Study Guide allows for differentiated instruction and assessments
- Online Lesson Planner; Standards-based planner that helps to save prep time.
- Assessments; built-in progress monitoring includes both formative and summative assessments
- Teacher Lesson Plans with point-of-use resources
- Flipped Videos available to assign to students or serve as quick refreshers
