## Introduction

This document demonstrates how *myPerspectives™ English Language Arts* meets the objectives of the *Language Arts Florida Standards*. Correlation page references are to the Student Edition and Teacher’s Edition and are cited by feature title and page number.

*myPerspectives™ English Language Arts* is a learning environment that focuses on a connected approach to student learning. Students read texts and engage in activities that inspire thoughtful conversation, discussion, and debate.

Students will encounter authors’ perspectives as they read literature from across time periods and cultures. Students will listen to the perspectives of their peers through conversations and collaborative activities. And, as students read the literature and engage in activities in *myPerspectives*, they will formulate—and defend—their opinions as they develop their own perspectives.

In each unit of study, students will read classic and contemporary fiction and nonfiction texts, and view/listen to media selections, all related to an Essential Question. Students will use technology to interact with texts and activities, and they can write directly in their Student Edition to make interaction with texts more meaningful.

*myPerspectives...*

- promotes student ownership of their learning through goal setting, student choice, and reflection
- encourages social collaboration
- links together knowledge, skills and learning behaviors
- is backwards designed from defined learning outcomes with learning activities, instruction, and assessments-- always feeding back to the Performance Tasks and Performance-Based Assessment
- provides opportunities to personalize for learning in response to student performance and need
