Other	2.40	-35.10%	2.60	8.33%
Totals	48.00	4.60%	43.30	-9.79%

Budget Item Description

Congress wants to slash funding for the FAA, for the most part by contracting out air-traffic control services to private companies. The Congressional Budget Office estimates this will produce savings of approximately \$1.5 billion each year. President McGuane opposes the privatization of air-traffic control.
