

SCOTT FORESMAN

Investigations

IN NUMBER, DATA, AND SPACE®

Program Author

Virginia Bastable

Director, SummerMath for Teachers
Mount Holyoke College
South Hadley, Massachusetts

Virginia Bastable is the Director of the SummerMath for Teachers program at Mount Holyoke College and a senior writer on the grades 3–5 revisions of *Investigations in Number, Data and Space*® curriculum project with a special focus on early algebra. Dr. Bastable is also a principal investigator and developer of the *Developing Mathematical Ideas* Professional Development Curriculum. She has coauthored several papers about early algebra including, *Classroom Stories: Examples of Elementary Students Engaged in Early Algebra* and *Early Algebra: What Does Understanding the Laws of Arithmetic Mean in the Elementary Grades?* Prior to directing SummerMath, Virginia was a secondary school classroom teacher.
