# English Language Learner Support

The following components are designed to support ELL students using Prentice Hall Algebra 1, Geometry, Algebra 2:

- The ***Student Companion Workbook*** supplies ELL students with additional help building math vocabulary. Each lesson in the workbook provides support around math vocabulary, Key Concepts, Got Its, and Lesson Checks.
- **ELL Worksheets** for every lesson help students develop and reinforce mathematical vocabulary and key concepts.
- **English/Spanish Glossary** in the text and online with audio allows ELL students to review math vocabulary in their first language.
- The ***Foundations Series*** may be helpful in improving student comprehension with additional vocabulary support, more scaffolding in lesson problems, and split lessons and chapters allowing for more frequent assessment.
- The ***Multi-Lingual Handbook*** has the following ten languages represented as glossaries: English, Cambodian, Cantonese, Haitian, Korean, Spanish, Vietnamese, Hmong, Pilipino, and Mandarin.
- The ***Homework Video Tutors*** (included in student resources) are available in both English and Spanish.
- **ELL Teaching Strategies** are found after EVERY lesson in the Teacher Edition and include Focus on Language and Communication, Connect to Prior Knowledge, Graphic Organizers, Using Role Playing, and Assessing Understanding
