

# MySkillsLab<sup>®</sup>

For College Readiness

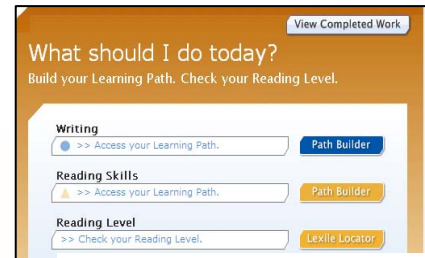

More than **9 million** students agree!\*

The Pearson suite of MyLabs help students reach more moments of true understanding that lead to better results in the classroom and in life.

**MySkillsLab** aggregates two of the most effective developmental English programs, MyReadingLab and MyWritingLab, into a single, user-friendly platform to deliver accelerated skill remediation from a 4th grade proficiency level through **college and career readiness success**.

Through diagnostic assessments of reading skills, comprehension, and writing skills MySkillsLab delivers a **personalized learning path** to target instruction specifically where each student needs it the most. The learning path adjusts after each and every activity to ensure students are getting the exact level of support they need to keep them moving forward.

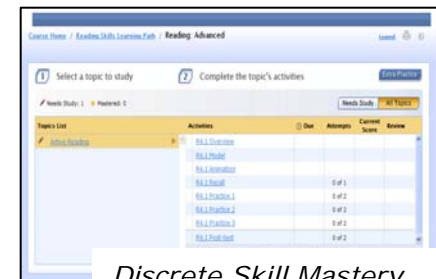

The **adaptive** instruction is richly supported by multimedia tutorials, video-based lectures, sample animations, practice and homework assignments, and **mastery-based assessments**.

*Diagnostic Path Builder*

*Personalized Learning Path*

*Discrete Skill Mastery*

*Thousands of Activities, Assessments & Learning Aids*

\*Represents the aggregate number of registered students for Pearson MyLabs and Mastering products across academic disciplines.

MySkillsLab is correlated to the **Common Core State Standards and 99% of Nationwide Placement Tests**. The pre-loaded content includes 60+ topics of study and over 20,000 assessment items and is fully customizable to meet any course outcome.

To address the variety of needs and learning styles of any given student population, MySkillsLab provides **differentiated instruction** for mixed abilities and scaffolded examples and activities that meet students where they are and allows them to work at a comfortable pace as they approach more rigorous content.

This dynamic, online learning system is offered with a selection of Pearson eTexts or as a stand-alone remediation tool. The flexible web-based application can be easily integrated into classroom instruction or used at home as an independent, self-directed student resource.

**MySkillsLab**<sup>®</sup> empowers educators to:

- ✓ Provide anytime, anywhere targeted remediation
- ✓ Access real-time assessment data to inform and adjust instruction
- ✓ Focus students on the core skills where they need the most help
- ✓ Provide differentiated instruction for students of mixed abilities
- ✓ Engage students in their learning and develop the skills expected in college
