INVESTIGATIONS

IN NUMBER, DATA, AND SPACE®

Program Author

Arusha Hollister

Research and Development Specialist
Education Research Collaborative, TERC
Cambridge, Massachusetts

Arusha Hollister is an author of the 2nd Edition of *Investigations in Number, Data, and Space*® curriculum and more recently worked on the CCSS edition of the curriculum. She is presently working on video for the Investigations website and TERC professional development and is conducting field research in 3rd grade classrooms focusing on the new CCSS materials.

She was a staff member of the Investigations Workshops project for which she designed professional development for teachers. Most recently, she created the K-2 Counting and Computation workshop and collaborated on the Algebra workshop. Prior to working at TERC, Arusha was an elementary school classroom teacher and a math coach.
