Reference: Permission Request for Use of School Material

To process your request for permission to use material published or owned by our company, please do the following:

1. Copy the **Request for Permission to use School Content** onto your school/company letterhead, or provide your contact information;
2. Attach a photocopy of the material you would like to use along with a copy of the title page, acknowledgement/credit page, and copyright notice for your particular request (in the case of technology product, videotape, CD, or CD-Rom, please photocopy the label and any instructional or liner notes);
3. Complete all sections on the form pertaining to your particular request;
4. Return form and photocopies by fax, mail or email (K12 Permissions @pearson.com) to the address on the form.

Please note that we cannot grant permission for any material that appears in our books with credit to any other source. Review the material you are requesting very carefully to make sure that Pearson controls the rights. If the acknowledgements and credits in the front or back of the book list other companies as controlling the rights, the material is not ours.

Credit for the book or selection on the acknowledgement page is often followed by the words "used by permission." Please consult your school media specialist if you need assistance in locating this information. If other sources are cited, permission must be obtained from the original sources. We can not always provide contact names for these third parties, but we recommend that you consult the Literary Market Place (LMP) or another publishing directory.

If no additional information is required, you can expect a response within two weeks from receipt of the completed form letter and photocopied materials.

Thank you for respecting the copyright laws and for your interest in our publications.

Yours Sincerely,

Grace Mensah
